HATA RESTORATIVE -In our columns to-day will be found on several of our acquaintances in St. Louis. Hair once grey met our view, black or brown, as the case might be, being the color of early manhood, and as fine and grossy as allk, and that without any other application than the Restor-ative. If it has done this upon others, will it not do the same for any of our readers, whose "frosty brows" were once like the "raven locks" of Leckiel's warlike chief, if they will try it?
